Expansion

SORCERER ENDBRINGER

Sorcerer Endbringer

Sorcerer is a 2-4 player dark fantasy game from the creators of Star Realms. It combines the best elements of a strategy card game and a tactical board game to create a whole new play experience!

This game expansion allows one to three players to team up and battle against a crazed demigod known as a Maneater.

You'll create the Maneater by combining one of four Nemeses (who they are), one of four Archetypes (what army they lead), and optionally one of four Scenarios (what they are doing).

For example, you may battle Erlik Khan the Deathdealer who is Leading the Invasion. There are 64 different combinations you can battle against, each providing unique challenges for you and your friends to overcome!

The Sorcerer Base Game is required to play.
