Star Realms Rise of Empire

Perfect for new players and experts alike, Star Realms Rise of Empire is a standalone 2-6 player game that starts as an epic 2-player 12-scenario legacy campaign.

The campaign introduces three brand new factions: the Consortium, the Kingdom, and the Scavengers. In each campaign scenario, you'll open an envelope that unlocks new content.

The Trade Deck will permanently change as players upgrade ships and bases. As each player wins scenarios, they'll earn Victory Points in the fight for superiority.

When the campaign is done, Rise of Empire can be played again and again as a customized 2-6-player game that is fully compatible with all other Star Realms sets.
